

# URGE ACTION ON PUBLIC WORKS PROGRAM

# LET'S HEAR ROOSEVELT

## City And County Leaders Support Public Work Plan

Overwhelming Sentiment Is  
Expressed By Local  
Civic Clubs

**BELIEVE EMPLOYMENT  
SHOULD BE GIVEN**

Say Relief Aid In Danger  
Unless Public Works Pro-  
gram Is Started

An overwhelming senti-  
ment has been expressed  
during the past week by  
members of the local service  
clubs, Chamber of Com-  
merce and other leading citi-  
zens throughout Lawrence  
county in favor of an im-  
mediate start on the Law-  
rence county public works  
program as a means of pro-  
viding employment and  
stimulating industry.

A survey has recently been made  
comprising the Chamber of Com-  
merce, Rotary, Kiwanis, Lions,  
Wolves, Business and Professional  
Women and Quota Clubs, and  
of leading citizens throughout the  
county—the response being a ratio  
of 4 to 1 in favor of the immediate  
construction of the Neshannock  
viaduct. In every instance stress  
was laid on the fact that every pos-  
sible effort should be made to have  
these projects started immediately.  
The Lawrence County Commis-  
sioners are doing their utmost now  
that they are assured of support.  
The men and women belonging to  
these clubs represent the business  
and industrial interests of the coun-  
ty—men and women who pay a high  
ratio of the taxes, both city and  
county.

**Must Start Work Projects**  
Sentiment has been expressed by  
federal and state authorities that  
communities that do not avail them-  
selves of this opportunity should be  
penalized. It is very likely that  
this will occur and if such is the  
case, Lawrence County would not  
only lose financial aid in caring for  
the unemployed but would also lose  
an opportunity to secure the  
needed improvements at a low cost.  
The federal government will grant  
a direct gift of 30% and loan the  
additional 70% on approved securi-  
ties—repayment of which would be  
distributed over a long period of

## PA NEW OBSERVES

Only fifteen detours now exist in  
the entire state of Pennsylvania,  
the Detour Bulletin, issued for the  
period ending October 12, shows.  
Five of these are in Western Pen-  
sylvania, and the balance in the ex-  
treme eastern part of the state.

PA New notes that the little  
stretch of roadway between Park-  
town Corners and Edinburg, which  
has been unpaved for a couple of  
years, since the washout in the ra-  
vine, is being paved. The highway  
department is evidently convinced  
that the fill has settled sufficiently  
to stand the paving.

New signs designating road cross-  
ings, curves, etc., are being erected  
on the state highways in this dis-  
trict. Instead of words telling of  
the curves, the changes in the road,  
the crossings, etc., are designated  
by arrows and crosses.

## Venango County Miners Planning Return To Work

(International News Service)  
OIL CITY, Pa., Oct. 2.—One hun-  
dred and fifty miners employed in  
about a dozen small mines in the  
southern end of Venango county  
are expected to return to work to-  
morrow, ending the brief mine hol-  
iday in this section which began when  
pickets invaded the field Saturday.  
There was no disorder in the Ve-  
nango district when the pickets ar-  
rived and forced the men to lay  
down their picks. The pickets were  
part of the roving forces which  
spent last week spreading the south-  
western bituminous coal holiday to  
the entire western Pennsylvania  
field.

In Automobile Crash

**CONDITION SERIOUS  
PHYSICIAN REPORTS**

Colorful Ring Career Is End-  
ed By Unavoidable Acci-  
dent On Atlanta Road

(International News Service)  
MACON, Ga., Oct. 2.—His colorful  
ring career ended by a tragic motor  
crash that necessitated amputation  
of a foot, W. L. (Young) Stribling,  
one-time contender for the heav-  
yweight boxing championship, lay in  
critical condition today at Macon  
hospital.

Stribling's left foot was almost  
completely torn off when an auto-  
mobile collided with the motorcycle  
he was riding.  
Suffering from serious loss of  
blood the boxer was brought to the  
hospital and the amputation com-  
pleted. Another operation will be  
necessary. Dr. A. R. Rozar, surgeon,  
said, "The leg will have to come  
off above the ankle because the bone  
is crushed," the surgeon explained.  
Stribling likewise suffered a frac-  
tured pelvis and a fracture of the  
hip.

In Serious Condition.  
"The patient is in a very serious  
condition," explained Dr. Rozar.  
"and the second amputation cannot  
be performed until his condition  
takes a turn for the better."

Stribling was riding here on the  
Atlanta-Macon highway when the  
accident occurred three miles north  
of the city. His motorcycle was  
struck "unavoidably" by the auto-  
mobile driven by R. V. Johnson, au-  
thorities reported.

The one-time heavyweight con-  
tender was riding to the hospital  
here to visit his wife and their new-  
born child.

Persons Disabled After War

CHICAGO, Oct. 2.—Talk-  
ing straight from the  
shoulder, President Roose-  
velt told the American Leg-  
ion in convention here to-  
day that the government has  
no obligation to pension the  
veteran who is sick from  
causes not connected with  
his military service.

To support every ill veter-  
an simply because he once  
wore a uniform, the presi-  
dent declared, would estab-  
lish class distinction, a  
hated thing.

For the man with an ill-  
ness contracted in connec-  
tion with his service, there  
should and will be even more  
generous provision than is  
now accorded, Mr. Roose-  
velt declared.

When a veteran is disabled and  
destitute from causes not connected  
with his service, the executive ex-  
plained, he should go first to his  
community relief agencies, then to  
the state. All these failing, just as  
in the case of any destitute person,  
the government is ready to step in  
and then only then, and render re-  
lief.

# CHEST CAMPAIGN SUPPORT IS URGED

## Mayor Mayne Urges Support Of Chest Drive

Community Chest Is One Agency Demanding Support Of All Citizens

MAYOR WILL TAKE PART IN CAMPAIGN

Generous Response To Annual Call Is Asked By City's Executive

MAYOR CHAS. B. MAYNE

Mayor Charles B. Mayne declared today to his way of thinking "there is no single, annual agency in New Castle that compares with the Community Chest in its challenge to the community."

As the mayor spoke those words, Community Chest leaders were busily engaged in enlisting several hundred citizens to make the local appeal from the 12th to the night of the 20th.

"Good citizenship demands of us an interest in every agency in our community that is carrying on a moral, social or relief work," continued the city's chief executive. "They all work to the betterment of individuals, and it is that sum total of helpfulness that creates the moral and social tone and background of our people. The Community Chest is not concerned with racial distinctions or religious qualifications, but it embraces agencies ministering in one way or another to all sorts and conditions of people in New Castle. To me, at least the greatest good done by the Community Chest plan of financing these various agencies comes from the opportunity that is given me of

rendering helpfulness to every agency for the benefit of my fellow citizens in the town."

Mayor Mayne for years has been an active booster of the Community Chest and this year will be among the hundreds of campaigners who will strive to put the financial drive "over the top."

"Pausing for a moment, the mayor sidetracked the trend of thought to a phase of the Community Chest campaign which concerns each and every citizen who holds a particle of pride for his city. That phase is the ability of citizens to give, and he said:

"The Chest campaign calls for the best in the people of our city. Those who are able to respond generously and those who have but a very limited income can all give proportionately. The Chest asks only that. Giving should be from the heart, supported, however, by an understanding of the good work that the contributions make possible."

## JOHNSON SENDS ORDER TO MINERS TO RESUME WORK

to the necessity of an immediate resumption of work.

"They are advised that under the provisions of the bituminous coal code the men will have the right of appeal for the protection of their interests to the National Bituminous Coal Labor Board and the administrator of the National Industrial Recovery Act."

The first part of the telegram read:

"On Saturday afternoon Mr. Eugene Grace, Mr. Myron Taylor, and Governor Nathan Miller, representing owners of the captive mines, agreed to have Mr. Thomas Moses, president of the H. C. Frick Coke Co., meet with you and discuss all matters affecting the workers in the captive mines."

"As a result of your conference I am advised Mr. Moses has handed you a letter, addressed to you in your official capacity as vice president of the United Mine Workers of America, confirming the acceptance of the coal code through agreement with the president of the 29th day of September and agreeing to maintain working conditions, wages and hours as prevailing under agreement between other operators and the United Mine Workers of America in the several districts where mines are located."

The telegram was addressed to Murray in Pittsburgh.

tion, probably not more than four seconds and caused, according to first reports, but slight damage. Four persons were reported as casualties, one suffering a broken leg as a result of a frightened leap from a window, another a broken nose from a collision with a door and a third was treated for shock from a heart attack.

The fourth, John Bryson, Los Angeles, suffered lacerations of the elbows and wrists. He reported he had been thrown through a ground story window but police believed he had jumped through in fright.

Two small buildings were reported damaged and many plate glass windows were broken and plaster cracked. Early reports, however, indicated the damage to have been nominal compared to the quake of March 10.

Correct this sentence: "This proud state of ours," said the politician, "asks no alms of the federal government."

## AMERICAN MEETS DEATH IN HAVANA AS BATTLE RAGES

(Continued From Page One)

by a bullet which struck him in the chest while he was watching the battle from the roof of his apartment house near the National hotel.

The cause of the death was a mystery, but reports stated that troops with or without official authorization, attempted to seize the hotel. Some 300 officers who served under former President Gerardo Machado have been "besieged" there for weeks.

Reporter Watches Battle.

From a vantage point in the thick of the hostilities, this correspondent watched while the opposing groups hammered away at each with flying lead.

It was believed that no officers had been able to escape from the beleaguered hotel after the start of hostilities.

The officers shot from places of concealment near hotel windows, while guns also rattled from the protection of the Carreno building.

Riot conditions prevailed about the Edificio Carreno.

In the confusion it was impossible to obtain an accurate check of casualties.

It was not known how the shooting started, but it was believed soldiers launched the hostilities with an attempt to seize the national hotel, where the officers have remained weeks in defiance of the present government.

Student Killed.

A lone Cuban airplane circled overhead as the battle raged. The Cuban gunboat Patria stood off the National hotel in Havana harbor and an armored car moved into position to enter the fray.

Rifles and machine guns barked as the miniature war blasted along, terrorizing the city.

A stray bullet killed a student named Alfredo Portela, while another killed a fourth officer.

Snipers operating in the street near the hotel added to the excitement.

## FEAR VIOLENCE MAY DEVELOP IN STRIKE AREA

(Continued From Page One)

these two basic industries hinged on recognition or non-recognition of the unions. Under an emergency agreement signed by President Roosevelt Saturday, non-union employees of captive mines where coal is produced solely for parent concerns are guaranteed precisely the same hours, wages and working and living conditions as miners employed by open-market operators. A similar situation prevails in the steel industry.

Tense Situation.

A tense situation was developing at Clairton, site of the by-products plant of the Carnegie Steel Company, a subsidiary of U. S. Steel Corp. Despite an official ban on picketing, scattered groups of miners began filtering into Clairton on Saturday, determined to draw out additional steel workers in a sympathy strike to halt the use of out-of-state coal.

A projected march of 30,000 miners to Clairton was hurriedly abandoned this morning with reports of scattered breaks in the ranks of home-town strikers.

The marchers scattered in all directions to picket operations nearer home. About 500 continued on the march and eventually joined an equal number of steel workers at Clairton.

At Clairton, in the morning, 200 pickets were withdrawn at the steel plant to picket Camden Hill, where the company's reserve coal supply is hoarded, and succeeded drawing out more than 100 of the 125 steam shovel operators.

About 300 men were picketing the Warden mine of the Pittsburgh Coal Company.

May Seek Mine Operation.

General return of approximately 85,000 miners in western Pennsylvania who walked out in protest against failure of the H. C. Frick Coke company to sign the bituminous coal code was believed unlikely, although it was believed efforts might be made to resume operations in Westmoreland, Allegheny and Washington counties.

Operators and United Mine Workers leaders flatly refused information as to what mines might reopen, indicating a fear of a rush of pickets to the operations. Reports from Uniontown, where the walkout had its inception, were that no mines would reopen in Fayette county.

Approximately 1,500 Carnegie Steel workers at Clairton voted to strike for union recognition Saturday. Several hundred others, strike leaders claimed, walked out this morning after an airplane swooped low over the plant, scattering union pamphlets. About 2,500 furloughed employees were scheduled to resume work at the plant today, but strike pickets were prepared to "persuade" them to remain away.

A showdown in the Weirton strike was expected late this afternoon when E. T. Weir, chairman of the National Steel Corporation which controls the Weirton concern, was to meet with representatives of the 10,000 men now on strike.

Governor In Contact.

HARRISBURG, Oct. 2.—At his office at the capitol today Gov. Gifford Pinchot was maintaining contact with the bituminous coal strike situation in western Pennsylvania but declined to indicate what plans he had, if any.

In a brief statement he expressed pleasure with the decision of the miners not to "siege" Clairton yesterday.

"Yesterday, I sent word to the miners asking them not to march on Clairton," said the governor. "They complied with the result that last night passed off with complete quietness."

"When I asked the miners not to go into Clairton last Friday night they turned back although they were on their way. This was a magnificent demonstration of friendship. I am deeply grateful for it."

## CITY AND COUNTY LEADERS SUPPORT PUBLIC WORK PLAN

(Continued From Page One)

years at a very low rate of interest, which in all probability, would never necessitate the raising of additional taxes.

The improvements which have been outlined here have been projected for a number of years and sentiment urging their construction has been expressed a number of times in the past by county grand juries through surveys made heretofore. They are not projects which have developed over night. There is no question but that within a short period of time these improvements will of necessity have to be made at a time when prices for materials and labor will be far greater than at the present time and without federal aid.

Must Serve Public Need.

The only stipulation which the government has made in urging communities to develop projects of this nature is that they shall serve a public need and afford a maximum benefit. At the present time there are 3500 families on relief in Lawrence County and should this go through a great portion of the county, it would be a relief off. Through this work relief those employed would receive more than they ever could through the direct food relief.

Local relief officials have stated that a majority of these 3500 families now on relief have been receiving assistance from the county also state for a period of two years, or one cent in rent within this time, have paid no taxes, no doctor bills, nor have they been able to purchase food or clothing. By providing work they would be enabled to purchase the necessities and would also be enabled to pay back rent and taxes, lifting a portion of this burden which has become doubly hard for these citizens who have been able to pay. It would also enable many of those receiving relief to become independent again and to eliminate the thought from their mind that they are accepting charity.

Stimulates Business.

It has been the purpose of the federal administration in extending this aid to states and communities to reduce unemployment in the country as much as possible. Expenditure of money for public works projects of this nature not only provides employment for men of their own community but also stimulates business activity all over the nation, as a portion of the materials which would be used in the construction of these projects would come from sources outside of Lawrence county.

It is the intent and purpose of the National Industrial Recovery Act, which the Public Works program is a part, to relieve unemployment and bring back prosperity. Communities which are not making application for their full quota of money for needed projects are being looked upon by the administration and the president of the United States, as slackers in this movement to end the depression.

PERMANENT COAL CODE IS EFFECTIVE IN NATION TODAY

(Continued From Page One)

once a series of wage agreements under which all strikers in the 'captive' mines would return to work.

Expect Strikes to End.

About 75,000 miners and steel plant employees remained idle pending satisfactory negotiation of these agreements, but they are expected to return to work before the week ends. Officials of the United Mine Workers Union were in conference today with most of the large "captive" mine operators. "Captive" mines are those operated to produce coal used by the steel and other large fuel consuming companies.

Meanwhile there was rejoicing in other coal producing communities. Payrolls of the mines are due to jump abruptly upward 35 or 40 per cent under the new wage scales.

Within a few weeks commodity producers throughout the nation will begin to realize the effects of such a mass monetary stimulant.

Not much re-employment is expected in the industry for the first few months, according to NRA officials. On July 1, this year, there were 294,000 miners at work. This number may be increased to 320,000 in the first six months of operation under the code. But that will still leave 148,000 miners unemployed, if the 468,000 at work in 1929 still remain in the coal regions.

Those deriving the greatest wage increases are the regions in which unionization of the miners was successfully resisted until the present time.

Get Better Wages.

In previously unionized mines the wage increase under the code will not be so great. This applies also to non-unionized workers in the "captive" mines, where higher wages were paid.

In addition to getting better wages the miners are to experience other sociological benefits under the code. Many old established "company" practices are abolished with specific provisions.

The miners no longer will be forced to make purchases at "company" stores. They no longer will be forced to live in "company" homes and pay "company" prices for all necessities.

The coal industry has been the "sorest spot" in the national industrial structure for many years. Other fuels, notably oil, and the development of hydroelectric plants, have reduced the coal demand considerably in the last decade.

Independent operators continued opening new mines while the demand for soft coal kept falling off heavily, with the result that the industry as a whole began losing money in 1924, while other industries were thriving.

In the peak boom year, 1929, the losses for the industry as a whole totalled \$11,300,000. In 1930 the total losses exceeded \$42,000,000. Last year the losses reached \$43,000,000.

As permanent communities had been built around all the principal mines and as these communities depended entirely for subsistence on the prosperity of the mine operators, a great toll of human suffering was exacted for conditions beyond the control of the coal operators themselves.

ATTEMPT MADE TO ROB STORE

A police officer last night made the discovery that an attempt had been made to break into and rob the A. & P. store at 123 West Washington street.

He found that the screen had been torn loose from a rear window but the attempt to jimmy the window open had been unsuccessful. The jimmy used has been found, the police report.

# STICKLE-MENTZER NUPTIALS SATURDAY

The Reformed Presbyterian church of Rose Point was the scene of a very lovely wedding Saturday afternoon, September 30, when Miss Mary Bernice Stickle, daughter of Mr. and Mrs. Oscar D. Stickle of Rose Point, became the bride of the Rev. James Joseph Mentzer, son of Mr. and Mrs. John Houk, Ellwood City. The Rev. P. D. McCracken, pastor, officiated, assisted by the Rev. R. A. Blair of Parnassus and the Rev. Charles Bell of Ellwood.

The ceremony was performed before a beautifully embanked altar in the presence of relatives and friends of the couple numbering 200. Preceding the exchange of the vows Miss Beryl Stickle, sister of the bride, sang two appropriate vocal selections, accompanied by Miss Florence Van Dusen, who also rendered the nuptial music.

The bride was attired in a gown of ivory satin and her veil of tulle was arranged beneath a close cap caught with clusters of orange blossoms on either side. She carried an arm bouquet of white roses. Mrs. Louis Mackey, matron of honor, wore a yellow crepe gown and accessories to match. Her bouquet was of yellow carnations.

Attending as bridesmaids were the following: Misses Margaret Jamison, Florence Carburg, Alice Pordell, all of New Castle, and Mary Lou Fisher of Slippery Rock. Miss Jamison and Miss Fisher wore blue crepe and Miss Carburg and Miss Pordell appeared in pink crepe gowns. Each carried arm bouquets to blend with their costumes, and wore matching accessories.

William Mentzer served his brother-in-law as best man.

The bride is a graduate of Princeton high school and Slippery Rock State Teachers college, making teaching her profession for the past few years. The groom graduated from Geneva college and the Theological seminary of Chicago, Ill. He has a charge at Millville O., where the young couple will make their home.

# Miss Margaret Patterson Bride Of Rev. H. C. Smith

The wedding of Miss Margaret Jane Patterson, daughter of Mr. and Mrs. James W. Patterson, 205 South Hill street, to the Rev. H. C. Smith, pastor of the First United Presbyterian church of Beaver Falls, brilliantly celebrated Saturday afternoon, Sept. 30, in the First United Presbyterian church, was one of the notable society events of the year.

The ceremony was performed at four o'clock before an assemblage of relatives and friends and in a setting of decorative beauty into which the rarest of flowers and foliage entered. The entire chancel of the church was hidden by greenery and graceful palms.

To this lovely picture music contributed its charm and while the ushers were seating the guests Miss Helen Ewing played a program of appropriate music, including "Dream of Love", by Liszt; "Serenade", by Schubert; and "The Swan", by Saint Saens, speaking as they do of love, life and happiness.

Miss Gladys Zeigler of Evans City sang beautifully "O Promise Me" and "The Sweetest Story Ever Told", accompanied by Miss Ewing at the organ.

Serving as ushers were Rev. Charles Paul of Mercer, Rev. O. P. Beighley of New Sheffield, Rev. Edwin Pottinger of East Pittsburgh, Rev. Glen M. Sanders of Massillon, O., Rev. David Nelson of Calcutta, O., Carl Walcott of Beaver Falls, Rex Gormley of New Castle and Hilton Hunter of Clintonville. Three hundred guests were escorted to their places to await the coming of the bride.

To the entrancing melody of Lohegrin's Bridal Chorus she entered on the arm of her father, James W. Patterson, who gave her in marriage. Her sister and her bridesmaids, preceded by the ushers, walked ahead.

The maid of honor, Miss Sarah E. Patterson, sister of the bride, wore an emerald green shade of chiffon velvet of ankle length, with short puffed sleeves and turban to match. She carried an arm bouquet of red roses. Behind the bride came little Desca, Jean Kohlmeyer of Eau Claire in a dainty pink lace over satin frock and Master Bobby Pontius of East Brook in a tailored suit of white satin and black velvet. These little tots, only three years of age, carried the bride's veil.

Wearing a magnificent eggshell velvet, the bride came up the long aisle, a picture of loveliness at once girlish and dignified. The gown fell in graceful lines touching the floor, the waist being made on quaint lines with long fitted sleeves. Her veil of tulle was cap shape with long train, and her slippers and hose matched.

The bridesmaids, numbering eight, were most attractive in their velvet frocks, four appearing in a pansy shade and four in wine shade, their loveliness accentuated with turbans to match. The gowns were made alike, with short puffed cut-out sleeves and long skirts with matching hip line of ankle length. Each carried an arm bouquet of golden dahlias. They were the Misses Eleanor Hunter of Latrobe, Blanche Miller of Linesville, Doris Cook of Sharon, Edna Short and Ada Short of Wheatland, Elma Robinson of Edenburg, Lois Scott of Pittsburgh and Mrs. William Green of Coropolis, close friends of the bride.

The Rev. William C. Shane of East McKeesport served the groom as best man.

The impressive ring ceremony was then read by Dr. S. E. Irvine, pastor of the First U. P. church, assisted by Dr. J. O. Campbell of Beaver Falls, an uncle of the groom. The swelling chords of the Mendelssohn Wedding March then filled the church with its triumphant melody, and to its music the bridal party adjourned to the spacious church dining room. The bridal party here received the congratulations of their host of friends, and following tea was served. Aides in serving were Miss Helen McConahy, Miss Harriet Ewing, Miss Nancy McCaslin, Miss Agnes Keane.

Immediately following the couple left for a wedding trip and after October 25th will take up their residence at Steffin Hill, Beaver Falls. They will travel through Asheville, N. C., the Smoky Mountain region and the Shenandoah valley. For traveling the bride chose a brown tweed suit with matching accessories.

The bride is a graduate of the New Castle high school with the class of '25 and from Westminster College with the class of '29. She has held a position teaching in the public schools here. The groom, son of James H. Smith of Beaver Falls, attended Geneva College with the class of '27 and graduated from Pittsburgh Theological Seminary in the year of 1930. He is now pastor of the Steffin Hill United Presbyterian church of Beaver Falls.

The bride's mother wore a brown crepe dress with hat and accessories to match.

At 12 o'clock, noon, Saturday the rehearsal luncheon was given in The Castleton hotel by Miss Eleanor Hunter of Latrobe and Miss Blanche Miller of Linesville.

Since the announcement of the betrothal a number of lovely parties and showers have been given in honor of the bride and a collection of many beautiful gifts has been received for their new home.

# MATRONS' PARTY AT POTTER HOME

One of the most delightful of the smaller social events of the past week was the dinner party Saturday evening in the home of Miss Gertrude Potter, Adams street, when she entertained the Matrons' Club of District 2 B Pennsylvania O. E. S.

Covers were arranged for twelve at a table and a most delicious chicken dinner was served by the hostess' mother Mrs. D. D. Potter.

Concluding dinner, bridge was the evening's diversion and when play was over prize for high score was awarded Miss Regina Butler, of Parker, while the guest prize was won by Mrs. L. E. Pyle.

Mrs. Carolyn Lindsey, district deputy, Mrs. A. L. Butler of Parker and Mrs. L. E. Pyle were special guests.

Mrs. Belva Bridenbaugh, Edison avenue, will be hostess to the club for the October party.

## Ministers Hear Committee Reports

Unified Effort Will Be Made To Promote Temperance And Oppose Repeal Of Laws

At the weekly session of the Ministerial Association held at the First Presbyterian church this morning an open forum on the temperance situation was held.

Talks were given by members of the Lawrence County Committee of Nine in the persons of Dr. William Parsons of Pulaski, the Hon. Wm. McElwee of New Wilmington and Miss Margaret Peebles, secretary of the committee.

It was recommended that a campaign be undertaken to promote temperance and to oppose every effort to weaken or repeal our present laws. A plan was proposed to hold a number of temperance rallies under the direction of the W. C. T. U. The plan was endorsed by vote of the association.

The question of Sunday funerals was discussed and the association went on record as being opposed to them except in cases of emergency. On this question the ministers and the undertakers are co-operating.

President Joshua announced the appointment of the Rev. D. C. Schenck as chairman of the program committee.

Next Monday a paper will be given by Dr. P. C. Pearson of "Dr. Pusey, Seven-letter Man," whose centenary is celebrated this year. Dr. Pusey was the leader of the Oxford movement which has affected every church in some measure.

A New Castle district man, Clarence O. Brest, of Gardner, was confined to the Southside unit of the Youngstown City hospital today suffering from injuries sustained in an accident Saturday night at the Youngstown depot of the Pennsylvania railroad.

Brest, an employee at the station, suffered a severe laceration over the right eye, a possible fracture of the left leg and shoulder injuries as a platform baggage truck upset on him.

## Labor Federation Convention Opens

(International News Service) WASHINGTON, Oct. 2.—Fixing to wage the greatest organization campaign of its history, the American Federation of Labor opened its 53rd annual convention today with more than 500 delegates in attendance.

As the convention opened the delegates heard a report of the executive committee which dealt harsh criticism at various labor sections of the national recovery codes and demanded revision of such sections which "perverted the purpose of the act."

The report also demanded a 30-hour week, a high minimum wage scale and adequate relief for all unemployed.

## SMASHING BLOW TO KIDNAPING RACKET

JURIES in two cities of the United States on Saturday brought about a climax to the war on the kidnaping racket in the nation, that is most significant. Thirteen persons, accused of being implicated in two sensational kidnapings, were found guilty. Heavy sentences impend for all.

The verdicts came after long trials in which the United States department of justice agents had been taking a most prominent part, acting in co-operating with district and local authorities to see that perpetrators of kidnaping outrages were brought to justice.

Some time since it was announced that the entire force of the governmental agencies would be trained on the halting of this kidnaping racket, and since that time participants in ten or a dozen kidnaping cases have been rounded up, and will be forced to pay a proper penalty for their crime against society.

The cases which reached a conclusion on Saturday were two of the most notorious and most audacious, and the convictions are all the more impressive. It is believed that they will have a widespread effect in permanently halting the kidnaping racket.

Backed by public opinion, backed by the federal forces, and supported with every known facility for running down perpetrators of kidnaping outrages, the handwriting on the wall should be clearly evident to gangsters and racketeers that the abduction epidemic has reached an end.

There will be no toleration of unsolved kidnapings, and there will be no mercy for the guilty.

## MORE DEBT "CONVERSATIONS"

England is sending a special commission to Washington to negotiate new terms for the payment of her war debt to the United States. London made a "token" payment last June, thereby acknowledging the obligations on record, and is anxious to obtain further concessions before the next payment is due on December 15.

President Roosevelt has promised to deal with the debtor nations which have honored their obligations either by full or token payments, making it plain to them that while he can talk revision with their representatives he cannot bind his country to any new settlement. Congress alone has that power and congress will not convene again until January.

Cancellation is still an unpopular subject on this side of the Atlantic, and is less heard of on the other side than it was before the debtor nations lost all hope of having their notes and mortgages torn up. But congress probably would not refuse to make further concessions to those countries which have made an honest effort to pay. Just how far congress would be likely to go in this direction the president, no doubt, will ascertain before he says yes to the British overtures.

Public opinion will play a part, and it is certain to be more generous with the British than with the defaulting French. England is laying bridges to future loans; France, destroying them.

## NEW ANTI-CRIME WEAPON

One of the obstacles that hampered Chicago authorities in trying to rid the city of gangsters and thugs has been removed. Infesting the Chicago underworld were and still are many men with known prison records and who live—many of them luxuriously—without any evident means of income. The police know them to be criminals but are unable to pin on them specific charges that will hold.

The recent session of the legislature, it has just become known generally through the conviction of several underworld figures, amended the state vagrancy law in a way to make this a useful weapon in warring on this class. Under the amended act, anyone with an evil reputation, who is without legitimate occupation and whose record shows a penitentiary, jail or workhouse term may be sent to prison for six months.

The law is one which could find victims in nearly all cities. It provides a way for striking at an element, the members of which generally are known to be criminals but who are able to avoid detection in committing crimes.

If proper use be made of it, Chicago should be able to clean out the nests of crooks that have given that city an evil reputation. A promising start in this direction has been made.

## NOISE IN CITIES

Our cities are twice as noisy as they ought to be, says Dr. Vern O. Knudsen, California acoustics expert. A normal and excusable noise rate, by his system, would be 30. He rates New York at 55, Los Angeles 60, Chicago 65, and other cities scattered in between these limits. Street cars, railroads, motor vehicles, loudspeakers and other racket producers contribute in varying degrees.

What of it? Just this, "Americans," says Dr. Knudsen, "are paying in a shortened tenure of life, lowered mental faculties and reduced efficiency, for the noise amid which they work and live."

One can be drunk on noise. Noise causes injury to the ear drums, disturbs digestion and gives high blood pressure. It is one of the causes of gangsters. Records show that most automobile accidents occur at noisy intersections.

He doesn't say anything about noise within doors. There is too much of that, too—especially the radio blaring and the whole family talking at once. Probably the most devastating noise of all is a social tea riot, with everybody struggling to make himself heard above the din.

When a man lends his influence he rarely gets it back.

Another need of the times is some kind of home contrivance for their conditioning.

Carolina mosquito-eating minnows have driven malaria off an Italian island but they still have Mussolini.

"Many beggars are cheats." Yes indeed. The fellow who asks you for a match has three cigaret lighters at home somewhere.

After reading about the New York century plant which didn't bloom on time we deduced the origin of the expression, "bloomin' late."

Etymologists haven't discovered what arrangement between themselves have the mosquito and wasp in their grudge against humanity, but it isn't condoned and the deaths of both should be encouraged.

That lawyer who used bogus writs to blackmail "debtors," some of whom didn't owe anything, pleaded he didn't know he was "doing wrong." But that's no defense. Ignorance of the law is no excuse, even for a lawyer.

## TELL ME!

So you think you know life, do you?  
Well, tell me what it is. Tell me in one word tell me in three, tell me in half a million words. . . if you really do know, I shall be listening avidly. Because I, too, would know and millions of other curious, wondering people would also know.

What is life, then? Pull your chair close, lean forward, open your mouth—tell me!  
Is it a stroll, is it a gallop? Is it a sad accident, is it a joyous circumstance? Is it a chemical formula or a spiritual adventure?

Is it suffering or pleasure? A test or a challenge. The fuzzi on a butterfly's wing or a great granite boulder on a mountain top? (What is it?) A roaring bird or a trudging turtle? A snake or a pink-nosed bunny?

Is it a dream or a waking? A sleeping or a doing? A beacon on a high place? (What is it?) A drift of sand on the seashore? A mouldering statue in a weedy park? A weary loneliness or a pushing crowd?

Is it buying or selling? Taking or giving? Loving or hating? Kissing or snarling, eh? (What is it?) A light seed flying from a dandelion head, or a monstrous creation in the blackness of the abyss? Is it a hard skeleton or a puffball. Is it birth or dying? Is it friendship or marriage? (Tell me, tell me what it is!)

It is standing still and knowing? Or running fast to see what's beyond the horizon? Is it an egg or a laughing baby? A whimper or a roar. A cluck or a caress. Peace in the dawn or torment in the darkness? Glory or obscurity? Passion or tenderness? A leaping flame or a hidden glowworm? A mosquito or an eagle? (Tell me which of these life is, if you truly know)

See you cannot put it into words. You live but you do not know what life is. It is too much for you. You breathe, you eat, you sleep, you go through the motions, but you cannot put down in black and white or in sounds that echo between the walls of this narrow room the meaning that has for you. You circle it, you touch it, you are a part of it, but cannot wrap it up and take it home and put it on the mantel by the clock. It is too much for you, too strong, too mysterious, too exciting, too tragic, too splendid, and you would not have it otherwise!

## THE GARDEN EXHIBIT

There is a garden at the Fair. Aglow with nature's lovely blooms And not a red rose seems to care And not a red rose seems to care That nearby thunderous booms A Barker's voice beseeching men And women as they wander by To step inside some dismal den On dancing dames to cast on eye.

There is a grotto banked with ferns And heliopsis and dainty things But not a penny ever turns Its face to gaze on flying swings And not a pink petunia heeds. The call to look at wheels or gears Suffices it the life it leads. For men it has no eyes; no ears.

And to this garden green and cool And beautiful with blossoms gay Come only those who love a pool Where lilacs in the water sway. For zinnias, phlox and daffodils, And find in curious plants which bear Exotic blooms their greatest thrills.

Strange solitude where noise abounds The garden lover finds within These sheltered and secluded grounds The red rose needs no constant din Of barkers to attract its friends No raucous crier at the gate Upon its own charm it depends And is content for praise to wait.

## Mrs. Besant Is Remembered For World-Wide Influence

"Mother Of India" Was Social Reformer And Great Force Among Believers In Theosophical Ideas

Death recently brought to a close in India the career of a woman whom George Bernard Shaw once called "the most wonderful woman of the age." In her 86th year when she died, Mrs. Annie Besant had lived a long and varied life. Known throughout the world as the leader of the Theosophical society, she was also revered for her life-long attachment to the cause of India and for her championship of a number of social reform movements in London while still a young woman.

The YOUNGSTOWN VINDICATOR speaks of Mrs. Besant as "a figure whose name has been a household word for nearly two-thirds of a century," and adds that probably "it will be as the successor to Mme. Blavatsky as leader of the theosophists, the cult which has done most in our time to make the western world acquainted with the Buddhist doctrine of reincarnation. She grew up in an age when people were quick to take up with new and strange religions, and once inspired with fervor for the belief that human beings are continually reborn, she made it her principal interest."

"Insofar as theosophy can popularized," says the HARTFORD DAILY TIMES, "Mrs. Besant was probably the outstanding interpreter to accidental readers." This paper regards her "striving for the uplift of India's depressed masses" as ever as "a most practical side of her endeavor," and believes that "in that her leadership won respect far beyond theosophical circles." It is the opinion of the DANBURY NEWS-TIMES that "her religion was rather of the reason than of the heart," and that it was "inextricably entangled with the beliefs of India." "Doubtless some men and women were enabled to improve their lives," continues the same paper, "but the pulling power of theosophy has been small among English-speaking peoples."

On the other hand, while granting that "Mrs. Besant and Gandhi and their type are in some degree at least 'fanatics,'" the DES MOINES REGISTER feels that "their basic philosophies represent, none the less, a fundamental conviction among spiritual leaders even in this country. . . And that conviction is that people can only be permanently improved, not by the compulsion of laws and physical force, but by their determination to live unselfishly."

Of her work for social reform in England, the ASBURY PARK PRESS has the following to say: "Few sterner tests can be imposed upon any thinker than that their recommendations are at first rejected and then accepted by a later generation. When this attribute prevails foresight and wisdom are evolutions of the mind, and Mrs. Besant fulfilled the test. Free press, equal suffrage for women, divorce, birth control and other social reforms with which she shocked the stodgy Victorian set are accepted today. Even as she died Mrs. Besant's place was assured. Unthinker and leader as an advanced thinker and leader with her ability to see beyond the mental horizons of her own age, she lived to see the world agree with many of her teachings."

A dissenting mind and "great" gifts of magnetism, of oratory, of initiative, organization, Mrs. Besant's are attributed to Mrs. Besant by the NEWARK EVENING NEWS.

Once they were light-hearted and companionable, but now they seemed irritable and hard to please. Is it possible that, because of similar changes, you are far less attractive than you were once to these friends?

You do not notice your own unpleasant traits, but your old friends do. In reaching mature age you have probably lost much of the charm you once possessed.

This may be the reason that some old friends seem to be less friendly than formerly—because you have allowed the dust of the years to hide your former charm.

Perhaps you and they both have been disappointed. It is not too late to take stock and improve yourself.

MONDAY, OCT. 2. Notables Born This Date—Two famous adversaries in the World War have the same birthday—Paul von Beneckendorff und Hindenburg, b. 1847, & Ferdinand Foch, b. 1851.

Places of neither Hindenburg nor Hitler, the 2 top-most men in Germany, German nation, at town Posen, now Hindenburg's home town. Posen, now in Poland, Hitler, as is well-known, is a native Austrian. (On Richard's birthday, in 1700, Charles II of Spain gave away his kingdom. On this date he executed his will, bequeathing his dominions to a Bourbon prince, Philip of Anjou.)

1789—Maj. John Andre, adjutant-general of the British forces in North America, was hanged at Tarrytown, N. Y., as a spy, after having been convicted of negotiating with the traitorous Benedict Arnold. 40 years later, the British government moved his remains to England, deposited them in a hero's tomb in Westminster Abbey.

1851—The first cargo of Massachusetts arrived in Egypt; and therein lies a story that is one of the most extraordinary in the history of America enterprise & salesmanship. When Frederic Tudor, 22, first proposed to ship ice from New England ponds to West Indian islands, he was naturally thought mad. His first cargo, sent to Martinique, in 1805, was a commercial failure, a sales promotion success, as Tudor had expected it to be. But it took him 2 years to make the ice trade profitable, by which time there were 16 companies in England engaged in exporting ice. Eventually their markets stretched

Why "It's October"—This was the 8th (Octo) month in the Latin calendar of Remulus, hence its name. When Emperor Numa set the year to start Jan. 1, October, November and December were moved back to the calendar but kept their names. The Anglo-Saxons called it Wine-month. (There was no wine harvest in England, but during this season the new winter began coming in from Spain, Germany, France, Italy, etc.)

Among the Saxons, a gambler who couldn't pay his playing debts became the slave of the winner, and could be sold like chattels. . . . Goose is traditional fare on Michaelmas was the customary rent day among the English peasantry and it was their habit to accompany payment with a goose for the landlord. And old poem goes: At Michaelmas a goose, And somewhere else at New-year's tide, for fear their lease fly loose.

An old statute in Virginia made three consecutive unexcused absences from church on Sunday punishable by death!

## Surplus Crops To Feed Hungry

United States Will Give Surplus Crops And Produce To Needy Families

(International News Service)  
WASHINGTON, Oct. 2.—America's surplus crops and farm produce will go to feed the unemployed hungry this winter, under a program which was being worked out between agricultural adjustment administrator George N. Peek and leaders in the meat-packing and dairy products industries.

The result is a double-barrelled weapon aimed at the president's two main domestic problems, economic use of the agricultural surpluses, and adequate feeding of what probably will be more than 3,000,000 families without wage earners this winter.

Priority will be given to demands for milk and milk products, following indication from the federal relief administrator, Harry L. Hopkins, that this is one of the principal additions now required.

Second will come meat. The government has just diverted, through this channel, some 6,000,000 hogs, at a gross cost to the emergency relief program of between 35,000,000 and 40,000,000.

## Y. W. C. A. Council Will Meet Tuesday

Will Discuss Educational Class-work Program For Coming Winter Season

The Council of Education of the New Castle Young Women's Christian Association will have a meeting on Tuesday night at 8 o'clock. The meeting is for the important purpose of planning the entire class-work of the association for this winter.

On the council are Mrs. A. B. Fankhauser, board president, Mrs. J. Glenn Berry, who has accepted the chairmanship of the general education committee, Miss Mary

Bigley, chairman of the health education committee, Miss Alice Sterling, chairman public affairs; Mrs. James Blackwood, chairman, religious education, Mrs. William Caldwell, chairman of music, and representatives of the club girls in the Y. W. C. A.

The council will be very glad for suggestions from any woman or girl as to the type of class she would like the association to plan for this winter.

## Man Injured In Auto Mishap Sues

W. J. Walker Files Suit Against Charles F. Morrow For \$1,285 Damages

W. J. Walker of this city has filed a suit at the prothonotary's office against Charles F. Morrow, proprietor of a garage at Wampum, to collect \$1,285 as the result of an automobile accident.

It is claimed that Clyde H. McKim, an employee of Morrow, was driving the latter's car on Liberty street, this city. W. J. Walker started to cross from the east to the west side. When he started across he claims that he looked both ways and did not see any car.

When he was nearly across the street he was struck by the McKim car. Four ribs were broken and he was otherwise injured. He was taken to a hospital and later to his home. Of the amount asked \$1000 is for pain and suffering and \$285 for hospital, doctor and nurse bills.

It is claimed that the McKim car was being driven at a high and dangerous rate of speed, and that the accident was due to the negligence of the driver in not giving proper notice of his approach.

## Auto Dealers Code Is Adopted

Has Been Submitted To NRA For Approval, Secretary Hall Is Informed

Final approval has been given the automobile dealers code, Secretary Ray F. Hall of the Lawrence County Automobile Dealers Association, has been informed by F. W. A. Vesper, president of the National Automobile Dealers Association, and the code has been sent to the National Recovery administration for their approval.

All objections have been reconciled. Mr. Vesper reports, and all sections have been clarified and are satisfactory to all the division boards. Mr. Vesper looks for an early approval by the NRA and will send a copy of the final code here as soon as it is released.

The Lawrence County Dealers assisted in drawing up the code through their division, and are anxious to have the code placed in force.

## Plan To Honor J. L. Moser For Work In Schools

Representatives Of Various School Reunion Associations To Be In Charge

A meeting of the representatives of the various school reunion associations of the city, appointed to plan for a celebration honoring J. L. Moser, at present a tipstaff of the Lawrence County Court, for the work that he did in the New Castle school system for many years as writing instructor, is to be held in the near future.

Charles H. Andrews, of the Reynolds School Association, is at present engaged in arranging for the meeting of the representatives of the various schools appointed for this purpose. He hopes to have the various representatives meet this week when an organization will be perfected and plans made for the event.

There are many former students of the schools of this city, while Mr. Moser was the writing teacher, who feel that he had a large share in making the system and themselves, a success and that he should be honored for that reason. The event will be one of the kind ever attempted in the city.

## Report 50,000 In Chinese Province Dead From Fever

Disease Described As Resembling Malaria Causes Widespread Suffering

(International News Service)  
SHANGHAI, Oct. 2.—At least 50,000 persons have died in Hunan Province of a mysterious plague, according to reports received here today. The disease was described as resembling malaria.

The plague broke out, according to the advices, in a county of the province bordering Kiangsi. More than 95 per cent of the county's population of 400,000 are ill.

One message said few men were strong enough to bury the dead.

## New Trial Refused In E. J. Byers Case

Two Verdicts Rendered In Favor Of Plaintiff But Another Is Wanted

In an opinion filed at court Saturday by Judge R. L. Hildebrand, a new trial is refused in the case of H. A. Anderson against Edgar J. Byers, and the prothonotary is directed to enter judgment on the verdict. The case was one growing out of the building of a cistern, and some cement work on a driveway at the Byers home in Shenango township.

Eyers objected to paying for the cistern, claiming that it was not up to specifications and leaked. The case was twice tried, the verdict being in favor of Anderson each time. Byers then made an application for another trial which is now refused. The amount involved is around \$250.

## Jangled nerves can make life miserable for those about you

These are trying times. No wonder nerves give way under the strain. And a nervous man is frequently not responsible for the things he says. But responsible or not, his bitter, sharp words can cruelly wound those around him—and cause scars which will never

entirely heal, no matter how sorry he may be afterward. Watch your nerves. Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation. And smoke Camels—for Camel's costlier tobaccos never get on your nerves.

## Record Number Attend Rally At Trinity Church

Many Parents Are In Attendance On Occasion Of Annual Church School Rally

Rally day for all departments of Trinity Episcopal Church school was observed on Sunday morning at 9:30 o'clock with a record attendance of members and a considerable group of parents and visitors in attendance. The Rev. Philip C. Pearson, rector of the church, presided.

The children of the primary and kindergarten departments came to the main church school room while "Onward Christian Soldiers" was sung. Greetings were extended by the rector.

The primary department sang the Harvest Song. Reports were then made by T. Gwyn Lewis of the one hundred percent classes and new members. The hymn "All Things Bright and Beautiful" was followed by the address of Mrs. P. C. Pearson.

Miss Lillian Moran presented certificates to Leroy A. Shoaff, Mollie Culliford, Paris Shoaff, John Gittings, Norma Joyce, Donald John Hietsch, Doris E. Hietsch, Emma Jane Bougher, Dotie Wallace, and Betty Thomlinson, who advanced to the intermediate department.

P. N. Jones addressed the advanced departments, taking for his theme loyalty to the church, the church school and the Christian religion.

The Rev. Philip C. Pearson, rector, then made the awards. Boys were awarded Isabelle Johnson, Katherine Ann Johnson, Sarah Elizabeth Johnson, Benjamin Johnson and Robert Johnson, all members of the same family, and Sally Norris, for attendance during past year.

The following received gold attendance pins for perfect attendance: Irene Hietsch, 9 years; Verne Hietsch, 8 years; Dorothy Peiffy, 4 years; Mary Louise Meehan, Rhoda Walker, Nancy Westlake and Patricia Cubbison, 2 years; Dorothy Barnsley, 1 year.

The program was concluded with the Crusaders pledge. William B. Howe introduced the speaker of the program.

## Stunt Program At Westminster

Freshmen Stage Annual Circus For Benefit Of Upper Classmen

(Special To The News)  
NEW WILMINGTON, Oct. 2.—Instead of being a victim of the upper classmen in the annual "hazing" parties, once a part of every college, 200 Freshmen of Westminster College presented Stunt Day Saturday, September 30 on the Athletic Field from 9 to 10:15. A crowd of 400 witnessed the antics of the first year men and women.

Some of the stunts presented showed a heap of originality, some of them caricatured present day events and all of them were good. The acts listed as the best of the 12 were:

1.—N. R. A. and the college. A group of twelve men each having a sign some reading, "Shorter Working Hours for Demon Daters." Fewer Hours for Ambitious Profs Who Make Up Examinations. "A Code

for Chaperones." "Abolition of Child Labor in Laboratories on Warm Afternoons."

2.—Pantomimes. Group of ten girls depicting advertisements.

3.—Satire on Roman History with Nero, Fire, Chariot Race, Slaves, Lions, etc. Group of twelve men.

4.—A human auto. Group of eight girls, umbrellas for wheels.

5.—A gossiping Field Hockey game Group of sixteen girls.

The events of the day were handled by Walter Donaldson, cheer leader, acting as Master of Ceremonies.

The return of booze won't increase the number of confirmed drunks. In this fast era they won't last long enough to be confirmed.

**Robbers Remove Door Inside Theatre To Get At The Office**

Discovery was made Sunday night about nine o'clock by John Newman, manager of the Penn Theatre of an attempt to rob the place. Securing the co-operation of an officer, he returned to the theatre, where they found a door leading from the lobby to the office had been taken from the hinges and removed. Investigation about the theatre failed to disclose any point where any robbers had done any damage to get into the corridor of the place. The fact that the door inside had been removed indicated, the police state, that the robbers or robbers had been hidden in the place and done their work after the attaches of the place had left. There was nothing found missing.

**Non-Union Miner Fires Fatal Shot At Mine Picket During Disturbance**

**TAUNT TO MINER PROVES FATAL**

(International News Service)  
GREENSBURG, Pa., Oct. 2.—Death invaded Western Pennsylvania's bituminous coal strike today for the first time since the wildcat holiday started almost three weeks ago.

Michael Garzhar, 25, picketing miner from Standard shaft mine of the H. C. Frick Coke Company, at whose mines the strike had its inception, was the victim. State police held Lewis Clauser, 45, non-union miner of the Standard shaft, for the killing.

Authorities said Clauser was beaten by a band of picketers who later surrounded his home and jeered at him for not joining the Union. He appeared at the doorway and threatened: "Get out of here or I'll mow you down with this rifle."

Garzhar was reported as taunting him with this reply: "Well, mow me down."

He was shot down and died instantly with a bullet in his head. Garzhar's death was the first in Westmoreland county labor troubles this summer. One miner was killed in the July-August strike which preceded signing of the coal code, which became effective today. The death was the first of the current walkout which started September 14.

## **PRESIDENT DISCUSSES PENSION OF VETERANS AT LEGION SESSION**

(Continued From Page One)  
to-man fashion. He told them first that he was one of a part of the nation, he called on them to recognize a national unity, and to join in a common effort for justice to all, individually and collectively. The nation, he reminded them in ringing tones, is engaged in a great effort to crush the forces of depression. It is up to them as an integral and important part of the nation to back that effort to the limit.

Mr. Roosevelt did not specifically mention the recent reductions in veterans' compensation, but thru-out the speech there was constant references to the state of the nation. In one instance, the executive spoke of his effort to take the treasury out of the red and put it in the black. He asked every cooperation from the men who fought the war. They helped write an important page in this country's history, Mr. Roosevelt said, and predicted that they would have a large part in making its future.

**Veterans Policy.**  
Reference specifically to the veteran policy of the administration was carried out in a few pithy phrases. Mr. Roosevelt told the men who faced him that there were three principles involved in this policy. He said:

"The first principle, following inevitably from the obligation of citizens to bear arms, is that the government has a responsibility for and

towards those who suffered injury or contracted disease while serving in its defense.

"The second principle is that no person, because he wore a uniform, must thereafter be placed in a special class of beneficiaries over and above all other citizens. The fact of wearing a uniform does not mean that he can demand and receive from his government a benefit which no other person receives. It does not mean that because a person served in the defense of his country, performed a basic obligation of citizenship, he should receive a pension from his government because of a disability incurred after his service had terminated, and not connected with that service."

**Relief of Destitute.**  
Hard times, the president inferred, have brought the necessity of a third principle—relief for the destitute. He said this:

"There are many veterans of our wars to whom disability and sickness unconnected with war service has come. To them the federal government owes the application of the same rule which it has laid down for the relief of other cases of involuntary want or destitution."

"In other words, if the individual affected can afford to pay for his own treatment he cannot call on any form of government aid. If he has not the wherewithal to take care of himself, it is first of all the duty of his community to take care of him and next the duty of his state. Only if under these circumstances his own community and his own state are unable, after reasonable effort, to care for him, and then only, should the federal government offer him hospitalization and care."

Veering from veterans' affairs specifically, the president then launched into an outline of the present effort to pull the nation out of the economic doldrums. He said that re-employment had proceeded, but only a part of the way. Industry has picked up, and farm income has been raised somewhat, but still much more must be done, the executive reminded.

Today's worst enemies of the desired national unity, Mr. Roosevelt described as sectionalism and class. Sectionalism has pretty well been wiped out, the executive added, and class must be dealt with in an iron-handed manner. Regarding it, he said:

"The other enemy of national unity is class distinction, and you and I are well aware of the simple fact that as every day passes, the people of this country are less and less willing to tolerate benefits for any one group of citizens which must be paid for by others."

**Gets Ovation**  
Louis Savage, former national commander of the Legion, introduced the president.

"The president of the United States," he said, and then added as Mrs. Roosevelt preceded her husband to the rostrum:

"The first lady of the land, Mrs. Roosevelt."

The legionnaires went wild. The band played "The Star Spangled Banner." And the veterans stood at salute after the tumultuous applause subsided.

The president's appeal to the huge crowd was enhanced by the fact that he wore a blue legion cap.

Thirty-four thousand legionnaires packed the great stadium as the president began his address, his face brought out in sharp relief by a great bank of floodlights directed on the platform.

The president left the stadium immediately after his speech, going to the world's fair ground for lunch with Governor Horner of Illinois.

Mayor Kelly of Chicago and Commander Louis Johnson of the Legion. He arrived here at 11 o'clock this morning and was to leave for New York later in the afternoon.

**Legion Leaders Disagree.**  
CHICAGO, Oct. 2.—The greatest national convention of the American Legion today prepared to honor the president of the United States on his arrival here to address the assemblage.

More than 200,000 legionnaires thronged the Chicago stadium and the downtown streets this morning in anticipation of President Roosevelt's visit to the Legion's 15th national convention.

The crowd of veterans, colorfully attired in uniforms and paced by nearly 400 bands and drum corps, was eager to welcome the president, but apparently was prepared to disagree with some of the chief executive's policies on veterans' problems.

Even as the huge welcome was being planned, Legion leaders were mapping out their own program to restore benefits to the ex-service men which were eliminated by the president's national economy law.

The question was expected to figure in the race for national commander which began to take the center of the stage early today. Prominent legionnaires declared that no candidate who does not stand for substantial restoration of millions of dollars in veterans' benefits can be elected. The bill would be about \$150,000,000.

## **Brownies Eat At Park On Saturday**

**Young Girls Have Morning Outing—Four Receive Their "Brownie Frocks"**

New Castle's only squad of Brownies met in Cascade park Saturday morning and cooked the lunch over an open fire. "Rum Tum Tilly" (a stew in ordinary language) was the chief item on the menu.

Mrs. George Ferver, the Brown Owl, and Miss Martha Magill, the Tawney Owl, were in charge. Games of varied sorts were played.

Four "Sixers," Norma Nixon, Elaine Keller, Trudie Matthews and Phyllis Mary Ferver, received their "Brownie Frocks"—and that is an honor in any language. Six others received their Brownie pins.

The Brownies are girls between the ages of 7 to 10 years, too young to join the Girl Scout organization. There are over 20 in the local organization.

**Paralysis Closes Meadville Schools.**  
(International News Service)  
MEADVILLE, Pa., Oct. 2.—All Meadville public and parochial schools were ordered closed today as the result of a spread of infantile paralysis.  
School officials took the action after a special meeting with physicians last night when they asked that schools be closed for at least two weeks. The action followed the discovery of the city's fifth case of the disease, contracted Saturday by William Gill, 16, high school football player.  
One of the victims has died. The other four are under quarantine. While physicians said there was no cause for general alarm, they urged all children be kept from public gatherings.  
The high school football game with Farrell scheduled for this Friday night was also cancelled today.

thing will work out all right. My honesty and integrity has been questioned only by my enemies."

Councilman colleagues of Mr. Treser believed it only fair to him that the charges be put in writing and presented to council and that Treser be provided with a certified copy. They set next Friday as the time for the presentation.

There were probably a dozen or more spectators, some of whom were laid off as street department employees September 30, when council convened and after minor items of business had been transacted, Mayor Mayne asked if anyone present had business to transact with council.

**Come To Prefer Charges.**  
Attorney Reynolds arose, addressed the mayor stating:

"I represent most of these men and I come to prefer charges against a member of this council. I have been informed the superintendent of streets has undertaken to use the force of his office for political purposes. I have affidavits to that effect. I also have affidavits stating that materials and labor have gone into his own property. I make these charges against Mr. Treser at this time."

Mayor Mayne: "What procedure, gentlemen, do you want?"  
Director Davies: "Should not these charges be made in writing?"  
Director Treser: "I believe they should and that I be provided with a certified copy of the charges."

Director Hoyland: "There is nothing to be done until they do this."  
Attorney Reynolds: "If you want it in writing we will."  
Hoyland: "There cannot be any action until we have something specific."

**Files Affidavits.**  
Attorney Reynolds: "I will file the affidavits if you want them. I will file them now" whereupon he read from several affidavits the complaints.

The first affidavit, Reynolds stated, was signed by William Gibson. In brief it charged that during May or June, 1932, as a sewer bureau employee, he had hauled to the residence of Treser, North Mercer street, sand, gravel and brick which he alleged to have been city material, which was for a fish pond. He alleged he was accompanied by C. A. Frampton. The affidavit was sworn to before Alderman L. C. Mantz.

The second affidavit, Reynolds stated, was signed by C. A. Frampton. He stated that during May or June, 1932, while an employee of the sewer bureau, he did accompany Gibson on a trip to Treser's residence. He alleged a delivery was made of brick, sand and cement, which he claimed was city material.

Relative to Mr. Treser being charged with using political coercion, Attorney Reynolds read an affidavit, he stated was made by James Bigley. Bigley alleged that on September 2, Treser had brought wage checks to the Croton avenue toolhouse and had said he knew who "was for him" and "those who were not" and that if he "didn't get in" those against him would be out.

An affidavit, to the same effect, was sworn to by Andrew Matthews. The attorney also stated he had a

## Old Mahoning Grange Charter Is Unearthed

Is Presented To Mahoning Valley Grange At Impressive Service In Hall

John W. Fulkman, Charter Member, Tells Of Finding Original Charter

At a special meeting last week Mahoning Valley grange was presented with the charter of the old Mahoning grange No. 500, discontinued in 1883, making it 50 years since the old grange had met or the charter had been used. Mahoning Valley grange can rightly feel highly honored for it is the only grange in Lawrence county possessing a charter of this kind.

J. W. Fulkman, the only surviving charter member present, told of his wife gathering up the charter along with an old minute book after the death of his father. It had not been for Mrs. Fulkman's thoughtfulness the Mahoning Valley grange would not have received it. Mr. Fulkman told of joining when he was 18 years of age, told of driving 12 or 13 miles to attend a meeting. Mrs. W. S. (Ella) Miller is also a charter member but was not present. There were a number of sons and daughters and other descendants of charter members present as well as others who had been members of the old grange. Some of these were Mrs. J. W. Fulkman, Mrs. Lettie Paden, Mrs. Ed Porter, Mrs. F. W. Hutchinson, Mrs. Mary McConahy, Miss Ivan Walter, R. D. Walter, Milo Paden, Wilbur Baer.

The committee making this event a success was L. O. Cover, chairman; Mrs. Mahala Bruce and Mrs. Jane Walters. L. O. Cover presided over the meeting. He stated the purpose of the meeting and the following program was presented:

Violin and piano duet by Catherine and Lawrence Byler.  
Song, "America"—By the audience.  
Prayer—A. H. Fullerton.

Presentation of the charter by the Pomona master, W. S. Fullerton. Mr. Fullerton stated that he was scarcely equal to the occasion, told one of his little stories and then took to the more serious side of the evening and very ably and fittingly presented the charter to the Mahoning Valley grange.

Response was given by Fred Knoll, master of Mahoning Valley grange, who very heartily and cordially accepted the charter and expressed the appreciation of his organization. He promised that the grange would place it alongside the charter of No. 1649, honor and preserve it. It was then placed on an easel on the platform until the close of the meeting. An embankment of flowers surrounded the easel.

History of the Mahoning grange was given by Mae B. Houk as recorded by the old minutes. She mentioned that it had been organized in 1875, it met in one building where the rent was \$30 yearly and in another place where they paid \$25 yearly. One building was located where the Charles McCullough house now stands, across from the present postoffice in Edensburg, the other was over the Dr. Mitchell-tree drug store in Edensburg. In 1879 they moved to the J. N. Fulkman place where they had a hall. Extracts from the old minute book, telling of the purchase of blinds and curtains and other supplies for the hall, were read. It seems that they met there for a period of four years, or until the old charter became dormant.

Vocal solo, "Memories"—Miss Elma Robinson, accompanied by Mrs. R. H. Shields.

Reminiscences by J. W. Fulkman. He told of the different meeting places and the last assembly in his father's barn. Mrs. Ed Porter told of attending the meetings. She read

one of the programs presented back in 1881 and 1882. Pomona was then known as Farmer's Council. The program consisted of essays and discussions. Mrs. Fulkman and Mrs. Paden also gave some reminiscences. (Mrs. Paden's father had been a member.) Mr. Rummel from Ohio told of his father devoting more time to the grange than to any one of his three boys.

Piano trio—Lawrence, Catherine and Mary Byler.  
State Grange Master J. Audley Book was called upon and responded with a very interesting address. He hoped that the Mahoning Valley would continue and keep growing so that its charter would not have the experience that the old one had had. He stated that one of his predecessors had not called the charter in nor had it surrendered. This is the only reason the present grange can receive it. He also stated that every granger should stand four square on the 18th amendment.

Remarks were given by Pomona Master W. S. Fullerton and Past Master D. F. Kyle. Mrs. Houk gave Mrs. Sara Caven's regrets for not being able to be present and extended her greetings. Mrs. Caven is State Ceres.

Closing song, "Father We'll Rest in Thy Love."  
Benediction by A. H. Fullerton.  
About 200 attended the meeting. The hall was beautifully decorated with flowers. These were presented to the Jameson Memorial hospital at the close of the meeting.

## Police Watching North Hill Homes

House Looting Burglar Is Object Of Intensive Work By Police

Police authorities are doing everything possible to combat the robbing of homes in the North Hill district that has become so prevalent in recent weeks, it was stated today by Chief of Police John F. Haven. While the police have been patrolling the district each night for some time past by automobile and motorcycle, this form of protection service has been increased to the point that the district is under patrol protection practically all the time at present.

With regard to the robberies of recent date, the chief calls attention to the fact that most of the robberies have occurred between the hours of eight and 11 p. m., during the absence of the occupants of the homes at some other place in the city. This brings out the fact that as a usual thing the police are going on in these homes until the occupants of the same return home and find the places robbed.

The police would have no way of knowing that the occupants of any home were away, and if they did see lights on in such home would have no reason for investigating. The exception in such cases would be where people are out of town and have notified the police of the fact and the homes are kept under special surveillance at all times. When the police have knowledge that the people are out of town, then they have an even break in catching robbers, the chief stated.

## Burns

San Cura Ointment Relieves Pain and Quickly Begins to Heal

There is no better remedy for burns, cuts and bruises than antiseptic and healing San-Cura Ointment. Keep a jar on hand—it is an unsurpassed first aid to the injured and a splendid remedy for many distressing and painful ailments.

For example, it is guaranteed to relieve itching, bleeding and protruding piles, eczema, tetter, boils and pimples. If, after using one 60c jar you are not satisfied with the results, we will refund your money.

In the case of recent sores, a few poultices of San-Cura Ointment usually leave them in such a thoroughly antiseptic condition that they will soon heal 35c and 60c at leading drug stores.

Fisher Boomed At Pittsburgh

PITTSBURGH, Oct. 2.—Following on the heels of the annual Republican rally at Fogelsville last Saturday at which former Governor John S. Fisher was mentioned as a possible candidate for governor, cards booming him for the office were circulated here today.

The cards declare him "the logical successor to Governor Pinchot" and assert he is qualified by experience for the task. Fisher was governor from 1926 to 1930 and was succeeded by Pinchot.

## Red Cross Chapter Does Big Work Here

Should a disaster of major consequence ever strike New Castle or any part of Lawrence county, the first helping hand would likely be extended by the American Red Cross through its local branch, the Lawrence county chapter, and this fact alone entitles it to serious consideration as one of the most deserving agencies which New Castle's Community Chest supports.

The chapter maintains throughout the year a skeleton disaster relief committee here which would move into action at a moment's notice. Augmenting the local help would be the aid which national headquarters would send.

However, the local Red Cross chapter devotes its attention normally to a host of general activities which includes direct relief work for needy families, contact service for the veterans of the Civil, Spanish-American and World wars, instruction in life saving and first aid work, sick-bed nursing for the needy, maintenance of classes in home hygiene, care of the sick and home dietetics and the co-operation with local authorities in distributing relief to the needy, at \$35,000.

Secretary Orville Potter said today that the local chapter maintains the only public health nurse, Ellwood City excepted, that gives bedside care in Lawrence county. One item alone—the care of maternity cases in the home—brings considerable saving. The Red Cross nurse is giving bedside care to all maternity cases received by the Lawrence county emergency relief board, while in the past the county paid for hospitalization.

While the mayor's relief committee functioned as a direct relief

agency, Secretary Potter said the chapter devoted much of its time to the administration and distribution of that relief. It still handles certain forms of relief for this agency not covered by other agencies.

Chief among the Red Cross duties is that which permits it to act as the liaison unit between the veterans of all wars and the federal government, and it is difficult to estimate the actual return in dollars and cents from this service. It is said that a reasonably low estimate would be \$5,000 annually in direct benefits.

Claims for disability pensions, hospitalization, adjusted compensation (bonus), burial allowance and other services are some of the duties the Red Cross attends to for the ex-soldier.

Between April 1, 1932, and July 1, 1933, there were 140,000 24 1/2-pound sacks of Red Cross flour, valued at \$70,000, distributed locally at no cost to the chapter. A fair estimate would place the value of Red Cross cloth and clothing distributed, for the aid of the needy, at \$35,000.

## Mission Appeal For Furniture

**Missionary Workers In Kentucky Mountains Suffer Hardships To Teach Gospel**

A teacher in a school in New Castle would consider it quite a hardship if each morning she had to carry a chair to her school room to have a place to sit down through the day, and then at night carry the chair back to her home to have a place to sit in the evening, but such is the case with the missionary workers in the Zion Hill Mission at Taulbee, Ky., a mission under the Wesleyan Methodist church board.

The workers gladly give their time and efforts to the spread of the gospel among these mountaineers who have never heard the story of the Christ, then return at night to a cabin devoid of furniture not even having a bed upon which to rest; they sleep on the floor covered with a blanket.

The Wesleyan Methodist church of the city is appealing to the Home Missionary minded people of the city to look about their homes and see if there is an extra pillow, a cot, not in use, an old dresser stored away in the attic, some old chairs that have been discarded, an old wash bowl that was put away when modern improvements were installed or any article of furniture not in use, which would add a little comfort to a bare cabin in the mountains. E. Welker of the Harbor will be glad to pick up any article or articles, if he is called, and in about a week he is going to take his large truck and drive into the Kentucky mountains with whatever the people of the city will donate.

Accompanying him on this trip will be Miss Elizabeth Hatcher, a missionary under the Pentecostal church, who is going into the Kentucky mountains as a missionary. In 1929 when Pentecostal church established missions in the mountains of Virginia and Kentucky there was but one worker and today there are fifty doing this home missionary work under the church.

## Hoskins Praises Croton Stone Wall

Harry Hoskins, city engineer, said today that the city-county work relief employees employed on the Croton avenue stone wall are making progress and that the stone wall is a good job. He said about 300 feet of wall has been built.

# SAYS COUNTY SHOULD PUSH PUBLIC WORKS

## Joshua Pleads For Work Relief

Thousands Of Citizens Look To Officials To Start Construction Work

### COUNTY RELIEF LIST STILL HEAVY

Stressing the fact that public works projects are needed to put a vast number of men back to work in this community, Rev. C. S. Joshua, pastor of the Croton M. E. church, made another appeal from his pulpit last evening to the city and county officials urging them to start work immediately on projects that have been approved by citizens of the county.

He said in part: "There are 3,500 families on the relief lists in Lawrence County at the present time, many of whom have not had a day's work in several years. Ninety per cent of the building craftsmen are unemployed, and there is no work in sight for them unless we avail ourselves of Federal money for the Neshannock viaduct and court house. Certainly no public spirited citizen, who has the welfare of his community in mind, can be opposed to projects of this nature."

### Now Is Time To Build

"These are the days for the practice of humanitarian principles and no one with a heart would do anything to stand in the way of public improvements which would do so much good at this time. The viaduct, in particular, has been urged for forty years but there has never been a time in all those years that it could have been built as cheaply as now. Added to this is the fact that the government is giving us an outright gift, one third of the cost of such projects, and will loan the balance of the money needed to pay for them at a ridiculously low rate of interest over a long period of time. Certainly it would be a sound business policy to accept such an offer, even though we were not to consider the humanitarian side of the question."

"There are thousands of our citizens who are hoping and praying that our county commissioners and city councilmen will leave no stones unturned in their efforts to start construction on these projects as soon as possible."

### NONE FROM COUNTY DRAWS MOTOR PENALTY

(HARRISBURG, Oct. 2.—During the week ending September 27, noon, the Bureau of Highway Patrol and Safety withdrew the cards of 122 drivers. Of this number 42 were revoked and 80 were suspended. Withdrawals were six more than the preceding week. Operating privileges were restored to 92. Revocations this year to date total 1655 and suspensions 2936.

There was no one from Lawrence county on the penalty list issued this week.

## Woman Charged With Slaying Of Patrolman Lover

Murder Charges Have Been Preferred Against Woman By Pittsburgh Police

(International News Service) PITTSBURGH, Oct. 2.—Colleen Nannis, 23-year-old former West Brownsville girl, today was turned over to the coroner under a charge of murder in the fatal shooting of Patrolman Roger J. Casilio, with whom she had lived for two years. Lieut. Frank Ferris of the homicide squad, to which Casilio once was attached, preferred charges against the girl.

Casilio was shot when he returned to his apartment with another man Saturday and got into an argument with the girl. She said she pointed the gun at him to scare him, adding that he always left it cocked on an empty chamber.

## Courthouse Is Again Robbed At Franklin, Pa.

Robbers Overlook \$300 In Sheriffs Office, Get No Loot, Is Reported

(International News Service) OIL CITY, Oct. 2.—Venango county's courthouse was entered by burglars for a third time in three years last night, but as before, no loot was obtained, a police report today showed.

The intruders jimmied a window in the sheriff's office and a door leading to the main corridor of the building and then made their way into the county treasurer's office. They did not touch the cash drawer in the sheriff's office where about \$300 was kept.

## Three Dead In Pittsburgh By Auto Accidents

Two Three-Year-Old Boys And Man Killed By Automobiles In Street

(International News Service) PITTSBURGH, Oct. 2.—Two three-year-old boys and a man were listed today as Pittsburgh automobile traffic toll over the week-end. The boys, Felix Jabe and Carol M. Stem, were run down as they crossed streets near their homes. John McBeth, 35, died from injuries received several weeks ago. The driver of the machine is not known.

**McBRIDE POST TO MEET THIS EVENING.** Members of the Harry L. McBride Post, Veterans of Foreign Wars, will assemble at the Legion Home at 7:30 this evening, from whence they will go in a body to the home of their late comrade, William Mackey, World War veteran, who passed away Saturday evening.

**TEST DRIVERS TUESDAY.** Candidates for the motor vehicle operators' licenses will be given examinations in Sampson street by the state highway patrol Tuesday.

## SEVENTH WARD NEWS

### Captain Gorley Serves City For Thirty Years

Thirty years ago yesterday the Mahoningtown fire department received a new fireman, a tall, husky chap whose name was Frank Gorley. On that first day of October he began a long, faithful and useful service to the city, a service that he is continuing in the same spirit today.

Those were the days of the horse-drawn fire wagons. The Mahoningtown department owned two fine specimens, "Dick" and "Frank" who pulled the fire wagon to all fires of the district, for a period of twenty-two years. They were replaced on December 26, 1917 by the gasoline truck which is in use at the present time. The horses were sold to a horse trader and thus ended their fire-fighting careers.

Mr. Gorley was on duty with Harry O. Spurrier for many years. They each had one day "off" in ten. Fireproof buildings were unheard of in the early 1900's and when hungry flames got loose they usually were able to find plenty to eat. One of the most spectacular fires occurred about four o'clock one morning when the saw-dust filled cellar of the New Castle Box Factory became a roaring inferno. Alarm was spread by the night watchman and the fire wagon shot up North Cedar street in a record time. "Dick" and "Frank" galloped like never before. Then there was the never-to-be-forgotten fire that destroyed the block in the business section where the Liberty hotel now stands. Doe Tyler's restaurant, Fred Stang's tailor shop, houses owned by Robinson and Hyde, and Harry Ketzler's barber shop were wiped out on that occasion. The Pennsylvania round-house fire occurred just before Mr. Gorley started his service. The Mahoning school building and the Nut and Bolt Works are also numbered among the outstanding fires. All meant hours and hours of tense and heroic fighting on the part of the firemen.

Yesterday was just an anniversary to Captain Frank Gorley—but it was something more to the community of Mahoningtown—something it won't forget.

## Rally Day Program Is Well Attended

Yesterday's rally day observance at the Madison Avenue Christian church was better attended than any of the rally days of several years past. It was a very promising beginning for "Young People's Month," a special period set aside for the youthful members of the church. Each Sunday's services will be especially prepared for the young people.

Choir music for October will be in charge of Mrs. Frances Amon, according to announcement made today.

### IS PLAYING ORGAN

Mrs. Sylvia Barnes Thomas, formerly of seventh ward, is making quite a name for herself as an organ player according to "The Methodist Review," at Manila, Philippine Islands. She is the organist of the Cathedral of St. Mary and St. John.

## Doctors Give Creosote For Dangerous Coughs

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creosolmulsion with creosote and six other highly important medicinal elements quickly and effectively stops all coughs and colds that otherwise might lead to serious trouble.

Creosolmulsion is powerful in the treatment of all colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creosolmulsion by refunding your money if you are not relieved after taking Creosolmulsion as directed. Beware the cough or cold that hangs on. Always keep Creosolmulsion on hand for instant use. (Adv.)

The Look-Out Bible class of the Mahoning Methodist church will meet in the church parlor on Tuesday evening, October 3.

### CHOIR WILL PRECEDE

Choir practice will precede the mid-week prayer meeting at the local Christian church Wednesday evening, being at 7:00 o'clock.

### O. R. C. AUXILIARY

A meeting of the O. R. C. Auxiliary will take place Thursday afternoon at the city building.

## Some Miners Back At Punxsutawney

Two Mines Employing About 400 Men Resume Work

(International News Service) PUNXSUTAWNEY, Pa., Oct. 2.—Two small mines in this section resumed operation this morning with about 400 men returning to the pits. The mines were the Ameigh Run and the Ferndale operations of the Peacock & Kerr Coal company.

Other mines in the district remained idle with the rest of the bituminous field which is still on holiday.

A few pickets were at Ameigh Run but the miners went into the pits without any trouble.

A mass meeting was called for this afternoon at Lucerne, near Indiana of all striking miners of district No. 2, United Mine Workers. About 1,000 were expected to attend.

### "METHODIST REVIEW"

"The Methodist Review," a news bulletin published by the Senior Epworth League of the Mahoning Methodist church is one of the best church news sheets in the city. The third issue appeared last week and contained many notes of interest to the congregation.

Here is the staff responsible for the good work: editor-in-chief, Robert Tackitt; associate editor, Gertrude Hettenbaugh; managing editor, George Cathers; circulation managers, Isabelle Shaw and Kenneth Wilson; advertising managers, Jane Steen, Ellen Wylie; treasurer, Maxine Gillespie; chief reporter, Howard Tackitt; reporters, Genevieve Moss, Everett Jones, James Wylie.

## Buying Campaign To Start October 9

Elimination Of Controversial "Stop Loss" Provision In Retail Code Likely

Study Means Of Preventing "Cut-Throat Competition" From Retail Field

By LEIGH MATTESON International News Service Staff Correspondent

WASHINGTON, Oct. 2.—Elimination of the controversial "stop loss" provisions from the retail code loomed as a distinct possibility while the NRA today announced its postponed buying campaign will begin on Oct. 9.

During a ten day absence from his office, necessitated by a minor operation to check a local infection, economy Administrator Hugh S. Johnson spent much time studying a means of preventing cut throat competition in the retail field without resorting to "stop loss" price fixing.

One ingenious substitute set of provisions will not cause much rejoicing among many of the present retailers opponents of the "stop loss" provisions.

The substitute provisions authorize "loss leader" sales by any retailer, but restrict such sales to commodities for which there is a demand by only a portion of the public. Basic staple commodities like sugar cannot be sold as a "loss leader."

In order to prevent cut-throat price competition, the substitute provisions would stipulate that a retailer cannot restrict the sale of "loss leader" articles, say by permitting only regular shoppers to 76 and then only selling one package or one dress or one carton to a customer.

Shoppers may buy as many of the articles as they please and a competitor from across the street also may buy. Thus, if a merchant offers merchandise at a "cut-throat" price, his competitors can buy every article offered for sale at the instant the sale begins, or before, by telephone order.

## Two Deaths By Autos Reported

(International News Service) UNIONTOWN, Pa., Oct. 2.—Two deaths in automobile accidents were recorded today as Fayette county's death toll over the week-end.

Benedict Bailey, 81, was struck by an auto while walking on the Moravian road and died in Uniontown hospital. John Holly, 16, was catapulted through the windshield of the auto in which he was riding when a tire blew out, and was killed.

## HIGHLAND P. T. A. TO MEET WEDNESDAY

The October meeting of the Highland Parent-Teacher association will be held Wednesday at 2:45 in the school.

The subject for the afternoon is "Home Economics" and the speaker will be Mrs. Viola Healy, instructor in the senior high school.

## RELIEF HEADS TO SPEAK TONIGHT

Dr. G. S. Bennett and Wilson Hall, of the state relief board, will speak tonight at 8 o'clock at the meeting of the World War Veterans of Lawrence county in their headquarters, 106 East Washington street.

Dr. Bennett and Mr. Hall have just returned from Harrisburg, where they attended a conference on relief measures, and will give a report of the most recent developments in this work, as well as explaining the work now being done in the county at this meeting, which is open to the public.

## Grange Fair Given At Mahoning Hall

Mahoning Valley grange had a regular meeting last week a business meeting followed by a "grange fair".

Included among the "fair" exhibits were cookies displayed on a row of plates set on a beautifully decorated table and Robert Hink's goldfish which have had a part in each fair for the past four years.

"Harvest Song" was sung by the grange. Mrs. Stella Montgomery gave a reading, "At the Fair". Next was "horse races" with Leslie Whiting and Frank Kelsa as the drivers. The imitating horses were Robert Hink and Lewis Cover. Prizes in this event were won by Leslie Whiting and Lew Cover. The corn guessing contest was won by Grace Kelsa. A "Play at the Fair" proved very interesting. The cookies were served at the close of the program.

## Boxers To Battle At Bowl Tonight

Expect Big Crowd To Turn Out To See Fistic Whirls

MORIN SCHEDULED TO FIGHT CRETELLA

Tonight is Punch night at the Castle bowl and when the first bell rings at 8:45 p. m. E. S. T. fans and fanettes should see bouts that should fully satisfy their craving for boxing. Some of the best A. A. U. boxers in eastern Ohio and western Pennsylvania have been signed for the eight scraps.

Among the bouts on tonight's program is one between George Rocco, Ellwood City and Jack Smith, Youngstown, middleweights. Another will find Ray Atkinson, Ellwood City, opposed to Tony Adamo, New Castle, whom Ray stowed away a few weeks ago. The latter two are welterweights.

Mickie Cutler, the Campbell flash will meet a tarter in Jimmy Drago, Sharon flyweight who forced Cutler to his utmost to win a decision sometime ago and the bout should be filled with thrills. Drago has hankered for the scrap for sometime and in addition to this is a scrap between Custy Morini, Ellwood City and Sammy Cretella, Campbell, lightweights.

Custy has made good with the fans here. Cretella fought Morino at Farrell and while Morino won he did so only after a hectic scrap. Cretella is said to shine more on science than Morini. Yet he is a good puncher but his "kick" does not carry the power containing in the left hook of the Ellwood City lightweight.

**Return Scrap**  
Low Tamber of Farrell who fought and lost a close decision to Yankee Pagley of New Castle at the last bowl embroiled will oppose Pagley again tonight and fans who believe the judges erred in the decision will have a chance to see the pair in action again. Pagley has promised to either knock out Tamber or be knocked out in an effort to show he believed the decision was just.

Frankie Cantanese, training mate of Teddy Tarozz of Monaca, will take on Cecil McCurdy of Sharon or Gene Carlines of Youngstown. They are middleweights. The last time Cantanese fought here he was not in the pink of condition but reports from Rochester say the Beaver Valley lad is in the pink now and anxious to make a good showing.

One of the choicest scraps on the docket will be seen when Young Talero of Beaver Falls fights Joey Evans of Ellwood City. They are 122 pounders, exceptionally fast and judging from what those who have seen them in action say there'll be a lot of hot stuff when they meet. There's as much interest in the scrap as any and it should be as good as any.

**Local Lightweights Box**  
Frankie Rachig of Bessemer, who trains at the Dime A. C. and Larry Weaver, who is handled by Paris Caney, lightweights, will open the show in a three round go and there will be action if the boys show the same stuff as they displayed in bouts against other opponents in former bouts. They're young, full of pep and anxious to get somewhere in the A. A. U. ranks.

On account of the interest in tonight's scrap there will probably be the biggest crowd far at the bowl and the doors will open at 7:30 p. m. The bowl is enclosed and weather conditions cannot affect the fans. The first bout as mentioned in the foregoing will start at 8:45 p. m. E. S. T. The bouts are staged by the Jefferson A. C. with Ed. Fritz as the matchmaker.

**NOTRE DAME JUNIORS.**  
Notre Dame Juniors football team handed the Pierce All-Stars a 12 to 6 upset Saturday afternoon at Dean Park Field. T. Copley and Natalie scored for the Notre Dame Juniors, with N. Russo scoring for the losers.

## HERE AND THERE IN SPORTS' LAND

Not only boxing fans but followers of all athletics here today were excited to hear that Willie Stribling, Macon, Ga., boxed had figured in an accident that resulted in the amputation of his left foot, a fractured hip and probably a crushed pelvis when he was struck by an auto while riding on his motorcycle near Macon. He was enroute from a golf course to visit his wife and their third baby at a Macon hospital. Almost a score years ago he appeared here with his parents in a vaudeville act at the Coliseum. At that time, if recollection serves correctly "Eggle" Chip and he boxed several rounds.

## Senators And Giants Stage Final Workout

World Series Teams Ready For Opening Game Tuesday; Senators Favored

GIANTS FAVORED IN FIRST GAME

By DAVID J. WALSH  
International News Service Sports Editor

NEW YORK, Oct. 2.—Having proceeded quietly and with a deceptive composure to this point, events suddenly gathered momentum this morning and came on with a rush as the world series of 1933 went into the final twenty four hours of waiting before action seizes the indicator and drama takes charge. Both of the principals, namely, the New York Giants and Washington Senators, will go through the gestures of a final workout early today. Even earlier, the Giants' mid-town office will throw open its doors to a special sale for the cut-rate clients in an effort to "move" the 8,000 seats in the lower stand, still remaining unsold for the opening game tomorrow.

The sale which will abandon the old three-game racket in favor of the single game purchase, opened at nine o'clock.

**Senators Favored**  
At that hour, there had been no chance in the betting, which continued to favor the Senators for the first game. There was also no change in the short but resolute line of vigilantes facing the locked and silent gates. Only the weather, in fact, had something new to offer. It had turned sharp and brisk overnight, with more than a hint that these conditions might continue through the opening game.

Some felt that the fall in temperature might prevent a sell out tomorrow; others felt the Giants' decision to sell the rest of their tickets on a day to day basis will close the doors at game time.

Either way, the management figured to do itself pretty proud. If there are any noticeable gaps in the crowd tomorrow, the burden may fall upon Broadway's ticket brokers who have acquired some choice locations and are holding same for a minimum of \$20 a pair.

## Radiators Take Mushball Title

National Radiator Mushball Team Champions Of East Side League

UPSET MERCHANTS SATURDAY 7 TO 4

National Radiator mushball team managed by Howard "Fat" Reed and C. C. Cover, were successful in winning the championship of the 1933 East Side Mushball league at the Rose avenue field late Saturday afternoon by taking the fifth and deciding game of the series from the East Side Merchants 7 to 4. Mauri was the Radiator pitcher and he limited the heavy hitting Merchants to seven hits. Gresham, the Merchants mound ace was pounded for 13 hits. Mauri and Fornataro featured the game with home runs.

The Rads got to Gresham in the second inning for two runs, with Green, Fornataro and Hilton hitting the ball hard. Both teams scored one in the third, and the game went along 3 to 1 until the first of the seventh when the Rads got to Gresham again for two runs. The Rads came back in the eighth with two more runs and yielded three to the Merchants in their half of the eighth for the final scoring of the game.

Cutler hit the ball hard for the Merchants with three hits three times up. Mauri also had three in three for the Rads. Doubles were hit by Green, Fornataro, Hilton and Restivo. Cutler banged out a triple in the eighth frame to drive in the Merchants runs.

The Merchants won the first two games of the series, and the Radiators had a hard uphill battle to finally win the coveted title of New Castle mushball champions.

## Marvin Nelson Wins Marathon Swim At Chicago

Fort Dodge, Iowa, Swimmer Wins \$5,000 First Prize At Chicago Fair

CHICAGO, Oct. 2.—Marvin Nelson of Fort Dodge, Ia., today was richer by \$5,000 for his record-breaking victory in the fifteen mile William Randolph Hearst swim marathon held in Lake Michigan. Nelson finished first out of a starting field of 186 swimmers, covering the distance in 7 hours, 22 minutes and 24 3/5 seconds. He surpassed his former record of 7 hours and 29 minutes established in the recent Toronto swim.

The marathon was the athletic feature of the William Randolph Hearst Day at a Century of Progress Exposition.

Following Nelson to the finish line in the north lagoon at the World's Fair was George Blagden of Memphis, Tenn., Blagden received \$2,500 for finishing in second place. William Goll of Brooklyn, N. Y., finished third, winning \$1,000. Fourth prize of \$500 went to Harry Glancy of Cincinnati, O.

Dorothy Nalevaiko, Glen Cove, N. Y., finished first of the 24 women who entered. Miss Nalevaiko, former Metropolitan A. A. U. champion, was awarded a prize of \$1,000. Her time was 9 hours, 28 minutes, 55 and 3/5 seconds.

Louis A. Johnson, national commander of the American Legion fired the gun starting the event from Navy pier.

## Union Defeats Bridgeville Hi By Score 6 To 0

Wayne White Goes Over For Touchdown For Union After Catching Pass

UNION MISSES ON SCORING CHANCES

Union high school football team rang up its first victory of the 1933 season at the Union high field Saturday afternoon by taking a 6 to 0 decision over a scrappy Bridgeville high football team. The Coach Boyd eleven drove for a touchdown in the second period with Wayne White, star union end, taking a pass from Monico and racing over the goal line.

The kickoff went to Union high and with Todd, Georgacz and Monico doing some nice running, marching down the field to the 10-yard line where on the fourth down Quarterback Todd elected to pass, and it was grounded. Bridgeville could not gain much ground and resorted to forward passing, with only short gains being made. At the end of the first period Union had the ball on the Bridgeville 4-yard line when Adams fumbled and Bozar recovered for Union.

**Miss Scoring Chances.**  
Union looked headed for a touchdown as the second period got underway but after four downs surrendered the ball to the invaders who held nicely with their backs to the wall. It was a pass again that Union tried and didn't complete. Coach Dave Boyd sent in Morrison for Bozar and Schaa for Gierlack.

A pass from Monico to Todd gave Union a first down in the middle of the field after Bridgeville had tried four plays and gave up the ball on a punt. Bridgeville intercepted a Union pass on the 10-yard line and after three plays at the line had failed, kicked to Todd who ran the punt back 25 yards to the 10-yard line, and it looked again as if Union would come through with a touchdown. Union failed to gain in four plays and gave up the ball on the 10-yard line, Georgacz, Morrison and Todd finding the visiting line hard as concrete to penetrate. Todd was injured but stayed in the game.

Outstanding on the Union line were White, Rudessil and Schaa. The playing of Todd, Georgacz and Monico was the best in the backfield. For the Bridgeville team the playing of Yurchey, Gross, Smith and Furier was the best. Furier went out of the game in the third period with a badly twisted knee.

Defeats Trout Run Camp, New Castle Boys Featuring Play During Game

By VIC DRIVER  
(Special To The News)

ELIMSPORT, Pa., Oct. 2.—Elimsport's crack CCC baseball team won its way to the finals in the CCC championship series being played between the different camps, when it defeated the boys from Trout Run Camp by a score of 5-2 on Sweet-steel field, Williamsport.

New Castle and Lawrence County boys played a big part in the game for both sides. On the Elimsport team were Henry, Hill, and Clark of New Castle and Hudspeth and McDonald of Ellwood City.

On the Trout Run team were Russo, Wronce and Ostroski, all of New Castle. Sam Hudspeth, the Ellwood City southpaw was in excellent form, fanning nine and allowing but three hits, two of which were made by Russo. Hill and Russo had the only extra base hits of the game.

Still, maybe the avengers who are after Einstein are people who tried to understand relativity.

Touchdown—Ortman.

## How Opponents Fared Saturday

Butler, Turtle Creek, New Kensington, And Union Win Grid Games

New Castle High football team's opponents for the remainder of the season fared rather well in games played Saturday.

Turtle Creek Union defeated Salina High school 27 to 2. Union High upset Bridgeville 6 to 0. Butler, trounced Ellwood City 18 to 0. New Kensington 20 and Norwin 6. Washington High lost to Burgettstown Friday night, 19 to 0.

No reports are available on Chaney, Scott of Toledo and Shanon.

## Slippery Rock Beats 'Jackets'

Ortman Plunges Over For Touchdown In Last Period

JOHNNY URAM IN TEACHER'S LINEUP

(Special To The News)

SLIPPERY ROCK, Oct. 1.—Slippery Rock Teachers defeat of Westminster one week ago was no flash in the pan as was proven Saturday when the Teachers vanquished another Class B college eleven, Waynesburg, six to nothing. The Yellow Jackets were last season's Tri-State Conference champion.

The Teachers came through early in the fourth period when Morrell, on a punt formation scooped up a wild pass from center and ran from his own 30 yard line to Waynesburg's 25. Tatalla, at quarter, threw a forward to Forker that was good for 17 yards.

With the ball on Waynesburg's eight yard line Forker again took the ball and carried it for a four yard gain that put it in the shadow of the goal posts. On the second try Ortman went through center for the touchdown.

The Yellow Jackets made a stiff effort to come back and with Currie paying the way marched from its 25 yard line to Slippery Rock's 15. However, a pass by Donnelly was grounded in the end zone.

The ball was put in play on the 20 yard line. Westlake hit the line three times before Morrell kicked out of bounds on the 50 yard line. Currie took up the task of carrying it down the field again and put the ball on Slippery Rock's 22 yard line.

Three line plays failed and Donnelly's pass was grounded in the end zone. Waynesburg twice threatened Slippery Rock in the second quarter when the Teachers were penalized for interference on aerial plays, but excellent defensive play by Westlake averted a touchdown. Waynesburg had 11 first downs to eight for Slippery Rock.

Johnny Uram, former New Castle high school star played a part of the game at left half.

## Carl Hubbell Set To Pitch Opening Game

Gus Mancuso, New York Giant Catcher, Has Lots Of Faith In Hubbell

FITZSIMMONS AND SCHUMACHER TOUGH

By GUS MANCUSO  
Catcher, New York Giants  
(Copyright, 1933, by International News Service)

NEW YORK, Oct. 2.—All I'm asking of old Lady Luck is that Carl Hubbell can show the Senators tomorrow as much stuff as he showed me when I was warming him up yesterday with the American League ball.

You know Carl is about as talkative as a clam with the mumps, but he was so tickled with his own stuff that when he shuffled onto the bench after a nice workout he told the gang that "the old dipsydo" was just as good with the A. L. ball as it is with our own. "Dipsydo" is what Carl calls his screw ball that you've heard so much about and that the Senators will see so much of.

His squid—that's what we call a curve—was breaking nice and his high hard one had a sweet hop on it. By the way, you'd never think to look at that lean guy but he actually is about as fast as anybody when he wants to cut loose.

**Easy to Catch**  
I don't think the A. L. ball will help Carl any, like it will Fitzsimmons, but it won't hurt him. It's a cinch to catch. I'll bet I could catch him sitting in a rocking chair. If that dipsydo of his were as easy to hit as it is to catch, the Senators might have a chance with him.

But if Carl is easy to catch, Fitz and his knuckler are simply hell on me. I'm in a nervous sweat after every game I work with him. He's going to be as tough on me as he is on the Senators, especially when he uses their ball. On the level, it acts as if the devil were in it. It breaks in all directions and I never know which way it's going to go.

To be honest with you, I don't think Fitz knows either, but he always says he does. Well, if I have to be alone following that crazy ball to catch it, what kind of a time will the Senators have trying to hit it.

Schumacher's sinker won't be any better with their ball, but his fast one may be a little better. For some reason or other it seems as if you can throw faster with it.

The French suggest paying the debt if America will admit liquor free. But who cares about debts if he has enough liquor.

# Babe Ruth As Pitcher Beats Boston 6 To 5

Crowd Of 25,000 Turns Out  
To See Ruth Return To  
Form As Pitcher

## PIRATES CINCH SECOND PLACE

(International News Service)  
NEW YORK, Oct. 2.—Babe Ruth was happy today. The great New York Yankee slugger thinks he's still a pitcher and he proved it yesterday before 25,000 fans who saw him hurl the Yanks to a 6 to 5 victory over the Boston Red Sox. He pitched nine full innings, completing his twentieth year of baseball as he started—a pitcher. Babe allowed 12 hits and fanned no one, but he shut out his rivals in seven innings and aided himself with a homer, his thirty-fourth of the season.

Ray Prim, young Washington rookie left handed, gave the Athletics only four scattered hits in ten innings but blew up in the eleventh, Philadelphia scoring three runs to win, 3 to 10.

**Pirates Win Two**  
Pittsburgh finished in second place in the National League and Cincinnati again in the cellar, as the Pirates won 7 to 5 and 6 to 5.

Johnny Salveson, second string hurler, could not stop the Brooklyn Dodgers, whose hitters started clouting in the final innings and humbled the New York Giants 5 to 2.

Wally Berger homered as a pinch hitter to win, 4 to 1, for Boston over Philadelphia, the game giving the Braves fourth place in the National League and a share of the world series money.

Tex Carleton was wild, walking four men in one inning as Chicago scored six runs and finally downed the St. Louis Cardinals, 7 to 1.

Chicago's White Sox won their 71th victory, not bad for them, by beating the St. Louis Browns, 5 to 1, the Browns ending up in the cellar. Gehring homered to aid Detroit in a 5 to 3 setback of Cleveland.

## Leading College Teams Win Handily In Opening Games

Iowa Beating Northwestern  
Was Biggest Upset On Saturday's Grid Card

(International News Service)  
NEW YORK, Oct. 2.—Victorious football teams were given campus cheers throughout the nation today, with only one real upset marking Saturday's play. Iowa, an underdog in the Big Ten conferences put in a bid for real recognition by turning back Northwestern at Chicago, 7 to 0.

In the east the highly-touted Pittsburgh eleven got off to a wobbly start, finally managing to break into the score column in the final quarter and win from Washington and Jefferson, 9 to 0. Army, Navy, Fordham, Manhattan and Cornell came through with expected ease.

Texas A. and M. won over Tulane, 13 to 6, in a southern surprise not wholly unexpected. Louisiana, Kentucky, George and other leaders triumphed.

In the mid-west Illinois won, 13 to 6 from Drake and Indiana was not as impressive as promised in turning back Miami, 7 to 0.

Southern California did not show much until near the end of the game in winning from Loyola and a field goal for Stanford just nipped the University of California at Los Angeles, one of the coast's hard nuts. Washington, Oregon, Washington State and Oregon State won rather handily.

**SPORTSMEN TO  
ARRANGE EVENTS**  
Will Meet At Elks And Select  
Place For Events

Plans for the Lawrence County Sportsmen's association field trials will be arranged tonight when members of the association meet at the Elks club. The session will be called at 7:30 p. m. promptly. Committees will be named, events arranged and the place for the proclivities selected.
